ANNUAL REPORT OF THE DAVID SASSOON INDUSTRIAL SCHOOL, MATUNGA, FOR THE YEAR 1935-36.

1. Twelve ordinary meetings of the Managing Committee were held during the year 1935-36.

The present personnel of the Committee is as follows :—

Nominated by Government.

R. L. Ferard, Esq., J.P., *Chairman.*
R. K. Innes, Esq., B.Sc., J.P.,
A. G. Gray, Esq., J.P.,
Miss M. K. Davis, B.A., M.B.E., J.P.,
Sir Currimbhoy Ebrahim, Bart., J.P.,
Sir Hormazdyar P. H. Dastur, Kt., ex-officio, Chief Presidency Magistrate, Bombay,
A. R. Taher, Esq., J.P.

Appointed by the Sassoon Family.

A. Pether, Esq.,
C. R. M. Tippet, Esq.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

Co-opted by the Committee.

Ishwardas Lukhmidas, Esq., J.P.

During the year under review the School suffered another loss by the untimely death of Mr. Shariff Dewjee Kanji who was a member of the Managing Committee.

The following resolution was passed by the Managing Committee at the meeting held in January 1936 :—

"The Managing Committee, Staff and boys have learnt with the deepest regret of the sudden death of Mr. Shariff Dewjee Kanji, who was a member of the Managing Committee for 13 years, and record their appreciation of the very valuable services rendered by him to the School and of the keen interest he always evinced in the welfare of the boys generally and of the Mahomedan boys particularly."

2. *Accommodation and Building.*—The expenditure incurred by the Public Works Department on account of current repairs to the buildings during the year amounted to Rs. 3,064-10-0.

3. *Statistics.*—For details see tabulated Statements 1-4 which are attached at the end of this report.

MO-III Bk R 16—1

The number of admissions during the year was 136 as against 102 in the previous year, and the number of boys discharged was 127 as compared with 119 in the previous year.

The admissions were comprised of the following commitments :—

Through the Juvenile Court, Bombay	121
Through the Juvenile Court, Bandra	7
Through the Juvenile Court, Kurla	3
Through other Courts	5
	136

The following analysis of commitments is of interest :—

Number committed during the year	.. 136
Number committed as being destitutes	.. 55 per cent.
Number committed for minor offences	.. 19 per cent.
Number committed for major offences	.. 26 per cent.

4. *Discipline.*—Our punishment records continue to show a steady diminution as compared with previous years and discipline has been maintained at a satisfactory level.

5. *Education.*—The Vernacular Standard IV Examination was held under the auspices of the Bombay Municipal Schools Committee with the following results :—

Marathi ..	.. 30 boys passed out of 30 entered.
Gujerati ..	.. 13 boys passed out of 16 entered.
Urdu ..	.. 6 boys passed out of 22 entered.

One of our Gujerati Masters, M. K. Bulsari, passed his second year's Training Course from the P. R. Training College, Ahmedabad, and was awarded the Rao Bahadur K. P. Trivedi Gold Medal by the Gujerat Vernacular Society on the subject of the "Method of Teaching".

The following boys passed the Vernacular V Standard Examination held by the different Deputy Educational Inspectors :—

Marathi ..	.. 3 boys passed out of 9 entered.
Gujerati ..	.. 12 boys passed out of 12 entered.
Urdu ..	.. 18 boys passed out of 20 entered.

We prepared several boys, as per the following particulars, for the Vernacular Final Examination held by Government, but none were successful in this test which is always a severe one :—

Marathi	.. 6 boys entered.
Gujerati	.. 1 boy entered.
Urdu	.. 4 boys entered.

Government Drawing Examination results :—

13 boys passed out of 15 in the Elementary Grade.

5 boys passed out of 6 in the Intermediate Grade.

St. John Ambulance First-aid Examination results :—

Senior Certificate	.. 12 boys passed out of 15 entered.
Junior Certificate	.. 14 boys passed out of 19 entered.

In addition Mr. Mehta, our Head Master, was awarded a Silver label Medal by the Association.

We continue to be very grateful to Dr. J. M. Kotwal for conducting First-aid Classes voluntarily in our School and we also greatly appreciate the voluntary assistance received from Mr. Bharucha and Dr. Oak of the Friendly Union Ambulance Centre for their instruction in general First-aid work and for holding " Mackenzie " Course Classes. We wish to express our thanks, too, to Pandits Sharma and Ogle for imparting religious instruction to our Hindu boys, also to Father Claraso for his continued interest in our Christian boys, and to the Trustees of the Dawoodbhai Fazalbhai Educational Trust for providing us with the services of a Moulvi for our Mahomedan boys.

Dr. R. V. Clayton, Honorary Secretary of the Bombay Presidency Centre, St. John Ambulance Association, very kindly paid for the certificate charges of the successful candidates in the Association's examinations, and we much appreciate his continued interest in our boys.

6. *Technical Education.*—We are making strenuous efforts to train our boys so that they can find almost immediate employment when they leave us, but it is not an easy matter to place every boy on his discharge from the School. We are anxious to teach some new craft which is in large demand in the labour market and after careful consideration we have requested Government to sanction the vocational training of power weaving. This matter is now under the consideration of Government, and we feel confident that if this scheme is sanctioned it will be of the greatest benefit to our boys.

7. *Recreation.*—Cricket, Football, Swimming, Boxing and Indian games are being regularly played and school matches played during the year resulted as follows :—

	Played.	Won.	Lost.	Drawn.
Cricket	46	24	14	8
Football	16	14	1	1

The Boxing Club continues to do good work under the direction of Mr. Pardiwalla. Our boys entered for the following Tournaments :—

(*a*) Bombay Amateur Boxing Federation Silver Jubilee Fund—
1 boy received a certificate.

(*b*) Bombay Amateur Boxing Federation Tournament in aid of the Poppy Day Fund—

1 boy received a Silver Medal and certificate and another boy was awarded a Bronze Medal and certificate.

We are grateful to Mr. Gerald L. Chard for presenting us with some boxing gloves and for the keen interest that he has always taken in the boxing activities of the School.

In the Silver Jubilee Olympic Games one boy received a silver medal and 5 boys were awarded bronze medals. Our boys also secured 8 silver cups and 8 silver medals in the South Indian Welfare Society's Sports Meeting. Again in the Bombay Presidency Olympic Association's second annual sports, our boys were awarded 3 silver medals and 9 bronze medals and 4 certificates.

Messrs. E. J. Bunbury, H. H. Sawyer, and R. K. Innes prior to their leaving for England on different dates each gave our boys a treat which the boys appreciated immensely, and we are most grateful to these gentlemen for their kindness. In addition, the hospitality shown to our boys by the Children's Aid Society at Umerkhadi on several occasions is greatly appreciated.

8. The Swimming Bath was in continuous use during the year. The inter-dormitory swimming competition was won by dormitory No. 1 senior and No. 4 junior.

9. The "Bunbury" Troop of Boy Scouts maintained its full strength and is doing very well under the supervision of Mr. Mehta, the Scout Master. Mr. T. D. Thadani, Assistant District Commissioner, Bombay Boy Scouts, inspected our Troop and was kind enough to say that he was pleased with their discipline and knowledge. The Troop secured the first prize for the handicraft exhibition held by the Boy Scouts Association.

The two Cub Packs are going ahead under their respective leaders, Messrs. Rege and Pathan, and the Ishwardas Pack won the Challenge Cup in the sports meeting held by the local Scouts Association.

Magic Lantern Shows have become a regular feature, and no less than 90 lectures were delivered last year.

10. The Annual Prize Distribution was held on the 16th March 1936 when His Excellency Lord Brabourne, Governor of Bombay, presided. His Excellency's speech is set out later on in the report.

11. *Finance.*—The year's working shows a small deficit of Rs. 432–15–3 as against Rs. 3,904–14–1 in the previous year. We should have actually shown an excess of income over expenditure if the Bombay Municipality had not cut down their annual grant to Rs. 500 as against Rs. 1,876 received in 1934–35.

12. *Workshop Accounts.*—The combined workshop accounts after deducting the sum of Rs. 5,903–4–0 (salaries of Maistries) show a loss of Rs. 2,103–9–3 against Rs. 2,597–3–11 in the previous year.

13. *Auxiliary Home.*—Statistics will be found in appendix "C". The Home during the year catered for a very large number of boys. At one time we had as many as 41 boys in residence, and the finances of the Association were very severely strained. Re-admissions have again been numerous. The Salvation Army continues to undertake the management of the Home under the superintendence of Adjutant I. Argyle and Mr. E. Elisha, the Secretary of the Sheppard After Care Association, who forms a connecting link between the Home and the School. I would like to take this opportunity of thanking the many friends who have rendered such help by finding employment for old boys.

14. The health of the boys has been good and there have been no epidemics or illness of an alarming nature.

15. *Staff.*—The staff under the control of Mr. Desai, the Superintendent, continue to give every satisfaction. Many of their out-of-School hours are spent by the staff in supervising the recreation of our boys and in this connection I would mention how grateful I am in particular to Mr. Mehta, our Head Master, for the excellent work he is doing in looking after the "Bunbury" Troop of Scouts and also for the many hours of his spare time he has devoted to taking parties of boys on various expeditions away from the School.

16. *General.*—I feel that before a boy leaves us, we ought to make more definite inquiries as to the environments, etc. that he will live in, after his discharge. An out-door employee is necessary for this work, and a proposal by us on these lines is now under the consideration of Government.

In conclusion I would like to express my gratitude for the assistance so generously rendered by the Committee and to record what a big debt the School owes to my predecessor, Mr. Innes, for the very great care and attention that he bestowed on the welfare of the School whilst he was the Chairman.

R. L. FERARD,
Chairman.

Extract from Chairman's speech at the Annual Prize Distribution held on 16th March 1936.

We are faced, Sir, with two problems which are causing us anxiety. The first problem, which at present is the less urgent of the two, concerns mentally deficient boys. So far we have been fortunate in receiving very few such cases, but of late the admission of abnormal children to the Children's Aid Society has been increasing and it seems probable that in due course abnormal boys may be passed on to us. We have no specially trained staff or accommodation for coping with such boys and in consequence will be unable to segregate mentally deficients, and we do not think that it can be good either for normal or abnormal boys to be kept together. It may be that the worst cases should be certified, but there are no mental hospitals in the Presidency which cater exclusively for mentally defective children, and it would be a great boon, Sir, if Government could start a special residential home for this work.

Our second and immediate problem is the difficulty that we are experiencing in finding employment for discharged boys. Our good friends, the Salvation Army, are continuing their excellent work at the Sheppard After Care Home where discharged boys can live if they wish to do so, and the Home is largely used, at one time there were actually 41 boys in residence, but alas !, many of these boys are without regular employment despite strenuous efforts to secure them work. Our workshops, as Your Excellency is aware, provide sound vocational training in Blacksmith work, Cane Chair manufacture, carpentry, and tailoring, but we feel that we must extend further on this side in order to equip our boys still better to earn a livelihood when they leave us. There is in Bombay a large textile industry, but very few of our boys can secure work in local mills being untrained in power machinery, and we are now considering the erection of a very small power weaving plant where our boys can learn the trades of drawing in and power weaving, incidentally manufacturing some of their own clothes, the cloth for which has at present to be purchased. We shall probably be approaching Government with a request that a very modest sum be sanctioned for capital outlay in this connection, and we respectfully hope that when our request is forwarded it will receive the favourable consideration of your Excellency's Government. Sir Joseph Kay, who is the Chairman of The Bombay Millowners' Association, has very kindly promised a donation of Rs. 250 towards the cost of this project, and I might here mention that from the amounts Government had budgeted on our behalf during the past five years approximately Rs. 32,000 has not been required by us.

His Excellency's Remarks at the Annual Prize Distribution.

Addressing the gathering His Excellency said " I am very glad to be able to attend this prize-giving once again because I am a firm believer in the value of industrial training not only as one of the best roads to employment, but for its educative value in a country where there is a tendency to give too much weight to the literary side of education ".

His Excellency expressed his satisfaction at the examination results and the progress made by the boy scouts troop and said "Last year I mentioned that legislation was being considered to provide for proper system of probation. Though the probation of Offenders Bill is still under preparation, I am glad to say that the Bill for the amendment of the Children's Act has already been published and will be introduced during the present session of the Legislative Council. This provides for a proper system of probation, and gives necessary powers to the courts."

Two Needs of School.

The Chairman has named two needs of the School. The first is a small sum to pay the balance of the cost of a power weaving plant. Sir Joseph Kay has generously subscribed Rs. 250 for this plant, and I hope it will be possible for Government to provide the remainder.

"The second need is a more expensive one. The provision of a separate home for mental deficients is a necessity from many points of view, but with the present state of financial stringency, the large sum required for this purpose will, I am afraid, have to be raised from private sources. I understand that Miss Davis has already begun collecting funds, and I hope that there will be a ready response. This would be a fine opportunity for a philanthropist to use his wealth for a really beneficial purpose, and I commend it to the notice of the rich men and women of Bombay City."

STATEMENT No. 1.

Working results for the year 1935-36.

	Rs.	a.	p.
Value of work made for customers	5,862	0	0
Value of work made for sale	1,539	0	0
Value of work made for dead stock	311	2	8
Value of work done for grinding corn	809	3	0
Total ..	8,521	5	8
Tailor Shop.			
Value of work made for customers	466	2	0
Value of work made for Sale	17	8	0
Value of work made for Dead stock for boys' clothing ..	1,328	9	6
Total ..	1,812	3	6
